

POPSICLE TEMPLATE

GETTING STARTED:

- Graphics are printed on 9" x 34" rectangular sheets.
- Finalized graphics must be saved on an artboard size of: 9" x 34"
- Graphic must fit within the red outlines.

ADDITIONAL INFO:

- The length of the deck outlines in this template represent the entire span of the deck-bottom, *taking into account the contour of the nose and tail...* Rather than the straight-length from nose to tail, on the top-side of the deck. This helps us to achieve accuracy between the design mockup and the actual decks.

SHOWN DECK OUTLINES:

- 8.0" X 32"
- 8.75" X 33"
